

Dear God,

Pour Your Holy Spirit upon all Your children and youth who are hurt and attacked because they love you. Give them the great power of the Holy Spirit to stand strong. Give them words and pictures that help them remember You are always with them to help and protect them. Amen.

Dear Jesus,

Be very close to the children in North Korea who are asked questions by secret police to find out if their parents are Christians. Give them Your great courage and the wisdom of the Holy Spirit not to say anything that would put their parents in danger. Stop the police from trying to trick them into saying their families are Christians. Keep these children and families safe as they have to pray and worship You in secret. They will be put into terrible prisons or killed if they are found out to be Christian. Thank You. Amen.

Dear God,

Pour out Your Holy Spirit on all children and youth whose Mums and Dads and families have been sent to prison or who have been killed because they loved and served Jesus. Give them the great comfort, strength and peace of the Holy Spirit. Help them when they feel so sad, lonely, scared and without hope. Let the Holy Spirit remind them that You are with them and will never leave them. Give them Christian family and friends to look after them. Amen.

Dear Jesus,

Be very close to children in schools where they are laughed at, hit and rejected by children and treated unfairly by teachers because they are Christian. Help the teachers teach respect and kindness to all. Protect these children and give them good friends to stop them being so lonely and sad. Amen.
